

3 days ago Recently, multiple new energy storage projects across China have reached important milestones. In Shandong, Xinjiang, Hebei, Qinghai, and Inner Mongolia, several 100-MW-level ?

Feb 1, 2024 Therefore, this paper analyzes the construction of small and medium-sized pumped storage power stations in Zhejiang from the aspects of construction background, technology ?

Mar 14, 2023 Unlike Tesla's Shanghai Megapack factory pumping out 40 GWh annually [2], Kyrgyzstan's solution must navigate icy mountain passes and Soviet-era infrastructure. Let's ?

Apr 16, 2023 A Virtual Power Plant (VPP) is an innovative control technology that combines advanced communication technology and software systems with energy storage systems, and ?

Oct 24, 2023 Seatrium's spokesman said that the floating lab shows what is possible, as the country moves from a highly centralized energy sector anchored by large power plants to a ?

13 hours ago This move is seen to bring more sustainable energy supply. The Philippine government is working with financial sector partners to design new low-interest financing ?

Jun 1, 2022 A separate representation of power conversion system (PCS) and storage reservoir: this will allow the user to specify storage configurations flexibly by parametrizing PCS, e.g., ?

Oct 28, 2025 The plant can deliver 1 GW of baseload renewable energy. Abu Dhabi Future Energy Company PJSC ? Masdar and Emirates Water and Electricity Company (EWEC) have ?

Nov 27, 2024 The demand for reliable, renewable energy is growing across Southeast Asia as nations work to address rapid urbanization, industrialization, and climate concerns. In this ?

Nov 18, 2025 Since November, China's energy storage sector has witnessed the concentrated announcement of bid results for numerous projects across the country. Centralized ?

3 hours ago Zhongchu Guoneng (Beijing) Technology Co., Ltd. (ZCGN) says officials in Sanmenxia, Henan province, have cleared a 700 MW/4,200 MWh compressed air energy ?

6 days ago The world's first 300 MW compressed air energy storage (CAES) demonstration project,

"Nengchu-1," was fully connected to the grid in Yingcheng, central China's Hubei ?

---

Jul 14, 2025 Discover the current state of energy storage developers in Asia, learn about buying and selling energy storage projects, and find financing options on PF Nexus.

Oct 16, 2024 Today, mature, commercially scalable technologies with proven business models exist. These include electric vehicles, renewable power, energy storage, and power grids, all ?

Jul 30, 2024 Despite the challenges, Indonesia launched the Cirata floating solar power plant in West Java at the end of 2023 with a capacity of 192MW. It is the largest floating solar power ?

May 2, 2023 Summary A massive planned buildout of pumped storage hydropower (PSH) in Eastern Asia, driven by China, would allow this region to single-handedly meet the ?
