

Is Egypt's first hybrid solar-plus-battery project?

---

Norwegian developer Scatec ASA has signed a 25-year power purchase agreement (PPA) for a 1 GW solar array and 100 MW/200 MWh battery storage project in Egypt. CEO Terje Pilskog says it is Egypt's first hybrid solar-plus-battery project.

Which solar projects are being built in Egypt?

The first project involves a 1 GW solar plant with a 600 MWh BESS in the Benban area. The second project is a 300 MWh BESS at the site of Amea Power's 500 MW Abydos solar array, which is currently under construction. Both projects are in Egypt's Aswan governorate.

Does Scatec have a solar project in Egypt?

In a separate announcement, Norway's Scatec said it had signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. "This will be the first hybrid solar and battery project in Egypt," said Scatec CEO Terje Pilskog.

Does AMEA power have a solar project in Egypt?

The latest announcements bring Amea Power's total renewables capacity in Egypt to 2 GW of solar and 900 MWh of BESS. The company claims to have projects in 20 countries, with a pipeline above 6 GW and 1.6 GW currently in operation and under or near construction.

Who has delivered the battery energy storage project?

Audi, Etogas and MAN Energy Solutions have delivered the battery energy storage project. Additional information The Stuttgart-based plant manufacturer ETOGAS GmbH (formerly SolarFuel) has timely developed and built the world's largest power-to-gas plant. Customer and operator is the Audi AG.

What is the electro-chemical battery energy storage project?

The electro-chemical battery energy storage project uses hydrogen energy storage as its storage technology. The project was announced in 2013 and was commissioned in 2013. Combine business intelligence and editorial excellence to reach engaged professionals across 36 leading media platforms.  
Description

# Egypt battery energy storage project

Sep 12, 2024 Norwegian developer Scatec ASA has signed a 25-year power purchase agreement (PPA) for a 1 GW solar array and 100 MW/200 MWh battery storage project in ?

---

Jul 15, 2025 AMEA Power has completed commissioning of the first large-scale battery energy storage system (BESS) in Egypt, ahead of the start of commercial operations. Dubai, UAE ?

Jul 15, 2025 "We are proud to bring this landmark battery storage project online, strengthening the resilience of Egypt's electricity grid while supporting the country's renewable energy ?

Jun 19, 2025 Battery storage systems are emerging as critical enablers of the energy transition, particularly in countries like Egypt where solar and wind energy are being rapidly scaled. By ?

Jun 15, 2025 The International Finance Corporation (IFC), a member of the World Bank Group, announced a \$72 million investment in Egypt's first utility-scale battery energy storage system ?

4 days ago The new battery energy storage systems promise a stable, reliable, and greener energy future. The projects provide a solid foundation for further development and innovation ?

Jul 24, 2025 Part of Egypt's Largest Solar Power Site The new battery system is an extension of AMEA Power's 500 MW Solar PV Plant, which is currently the largest operational single-site ?

12 hours ago Egypt is taking a monumental step in its renewable energy journey with the Obelisk facility, a landmark project featuring a 1 GW solar power plant and a 200 MWh battery storage ?

Sep 17, 2025 Aswan, Egypt, January 21, 2025 -- Sineng Electric, a global leader in solar and energy storage solutions, has joined forces with Trinasolar to supply its central PCS energy ?

Jun 12, 2025 Located in Qena Governorate in southern Egypt, the project entails the design, construction, operation, and maintenance of a photovoltaic power plant with an integrated ?

Feb 25, 2025 The company has signed Capacity Purchase Agreements to develop the first standalone battery energy storage stations in Egypt. There will be a 500MWh BESS project ?

Sep 13, 2024 Dubai-based developer Amea Power has agreed to build a 1 GW solar plant with a 600 MWh battery energy storage system (BESS) and an additional 300 MWh BESS. ?
