

What is happening in Spain's lithium-ion battery market?

---

The Spain lithium-ion battery market is entering a new stage of rapid development. The Zaragoza plant of global automotive giant Stellantis is partnering with CATL, the world's largest EV battery manufacturer, to expand electric vehicle production and build a large-scale battery manufacturing facility in Spain.

Will Spain be a leader in Europe's Lithium-ion battery industry?

Although Stellantis has not yet made a final decision, the Spanish government is actively pushing forward the project, aiming to anchor Spain as a strategic leader in the Europe lithium-ion battery industry. A Stellantis spokesperson confirmed that the project remains subject to regulatory approval but welcomed the government's support.

What are the top 10 lithium-ion battery manufacturers in Spain?

Discover the top 10 lithium-ion battery manufacturers in Spain for 2025, including Tritek, Basquevolt, Cegasa, and more. Compare key products, certifications, pros, cons...

Why is Stellantis launching a new battery facility in Spain?

The new facility in Spain will further support e-mobility and energy transition efforts in Europe and globally. Stellantis is pursuing a dual-chemistry battery approach, utilizing both lithium-ion nickel manganese cobalt (NMC) and lithium iron phosphate (LFP) to meet diverse customer needs.

Will CATL and Stellantis reshape Europe's Lithium-ion battery market?

If finalized, the joint venture between CATL and Stellantis in Spain will reshape the Spain lithium-ion battery market, further integrating the European EV ecosystem. For CATL, this would add another overseas plant to its growing global footprint.

What will a Stellantis battery plant do for Zaragoza?

The CATL Stellantis Spain battery factory is expected to create around 3,000 jobs, boosting the local economy and furthering Zaragoza's role as a hub for EV innovation. In addition to the battery plant, Stellantis will also develop the STLA Small EV platform at the Zaragoza site, where future small and compact EVs will be manufactured.

Dec 17, 2024 Stellantis and CATL have announced they have reached an agreement to invest up to ?4.1 billion to form a joint venture that will build a large-scale European lithium iron ?

---

Sep 10, 2025 CATL and Stellantis launch a battery plant in Spain with ?133M subsidy, creating 3,000 jobs and reshaping the Spain lithium-ion battery market.

Spain is emerging as a key player in Europe's lithium-ion battery industry, driven by the growing demand for electric vehicles (EVs), renewable energy storage, and industrial applications. ?

Bitauto News, December 10th - Stellantis Group and Contemporary Amperex Technology Co. Limited (CATL) announced today that they have reached an agreement to invest up to 4.1 ?

Oct 30, 2025 European carmaker Stellantis and Chinese battery maker CATL announced Tuesday they will build a 50-gigawatt-hour lithium iron phosphate (LFP) battery factory in ?

Dec 10, 2024 The joint venture will build a new lithium iron phosphate (LFP) battery plant at Stellantis' Zaragoza plant to the tune of \$4.3 billion. Production is scheduled to start in late 2026.

The Qianjiang power station, which consists of 42 battery energy storage containers and 21 sets of boost converters, uses 185Ah large-capacity sodium-ion batteries supplied by China's HiNa ?

Dec 11, 2024 The maker of Jeep, Fiat, and Peugeot vehicles will build a battery plant in Spain in collaboration with a Chinese battery producer, company officials announced. Stellantis and ?

Dec 11, 2024 Stellantis and CATL have finalized an agreement to establish a joint venture for the construction of a major lithium iron phosphate (LFP) battery factory in Zaragoza, Spain.

Dec 11, 2024 Motor vehicle manufacturer Stellantis and new technology specialist Contemporary Amperex Technology Limited (CATL) have agreed to jointly invest 4.1 billion euros to create a ?

Dec 10, 2024 BARCELONA, Spain (AP) ? Chinese electric battery company CATL and automaker Stellantis will build a major battery factory in northern Spain, the partners ?

Dec 10, 2024 Stellantis and CATL today announced they have reached an agreement to invest up to ?4.1 billion to form a joint venture that will build a large-scale European lithium iron ?

# Lithium power station factory in Spain

May 16, 2025 Top 8 Lithium Ion Battery Manufacturers in Spain Ampere Energy Web: <https://ampere-energy.es/> Ampere Energy was founded in 2015. It is the first digital platform in ?

---

Aug 1, 2025 The new facility in Spain will further support e-mobility and energy transition efforts in Europe and globally. Stellantis is pursuing a dual-chemistry battery approach, utilizing both ?

Dec 10, 2024 Conclusion The collaboration between CATL and Stellantis to establish a ?4.1 billion lithium iron phosphate (LFP) battery factory in Zaragoza, Spain, represents a ?
