

Negotiations on mobile communication base stations in Indonesia

Is Indonesia a key battleground for global telecom players?

The venture arrives as Indonesia, home to 280 million people, emerges as a key battleground for global telecom players. While Huawei currently dominates the Asian market with over 30% share in communication base stations, according to Omdia research, Japanese firms hold only minor positions.

Will 630 base station towers be built in Indonesia?

Indonesia's Telecommunications and Information Accessibility Agency (BAKTI) said on Friday that it plans to complete construction of 630 base station towers in unforeseeable areas by the end of this year, despite ongoing challenges of accessibility and security.

How many 5G base stations are there in Indonesia?

Most 5G deployments are still confined to urban centers, leaving large parts of Indonesia's vast geography underserved. For example, Telkomsel has launched only 2,200 5G base stations in 56 cities, out of a total footprint of more than 240,000 base stations. Despite the focus on 5G, Indonesia remains a 4G-first market.

Is constructing base stations a major challenge in Indonesia?

Latest Industry News: Indosat Business Announces Advanced AI Solutions for Indonesia's Oil and Gas Sector
Yulis Widyo Marfiah, the acting Director of Telecommunications and Information Services at BAKTI, explained to Antara that constructing base stations in such areas is a major challenge.

Does Indonesia have a mobile network?

Indonesia is made up of around 17,500 islands, of which around a third (6,000) are inhabited, but much of the country has challenging terrain meaning it's difficult to deploy vast mobile coverage. According to BAKTI, the initiative aims to bridge the digital gap in the country, providing cellular coverage to some of the most remote regions.

Who are the main players in the Indonesian mobile market in 2024?

The Indonesian mobile market comprises the following main players as of 2024. ? Telkomsel, the largest mobile operator by subscriber base, has around 45% market share. ? Indosat Ooredoo Hutchison was formed in January 2022 following a merger between Indosat Ooredoo and 3 (Hutchison).
