

8 scholarship, research, uni job positions available electrochemical-energy-storage-postdoc positions, positions at The University of Auckland available on scholarshipdb , New Zealand

Jun 25, 2025 Eku Energy has acquired a 300 MW battery energy storage project in New Zealand's Waikato region, marking its entry into the country. The project will be co-developed ?

Phase 1 ? Feasibility StudyPhase 2 ? Detailed Business Case, Final Investment DecisionPhase 3 ? ImplementationScope and decision-pointsInvestigation and evaluation of long-term, large-scale renewable energy storage options, including pumped hydro and a range of other dry year storage solutions. The project explores in detail the feasibility of pumped hydro at Lake Onslow, including geotechnical investigations. Cost: approxi?See more on mbie.govt.nzEnergy Storage NewsMeridian completes 200MWh Ruak?k? BESS ?May 23, 2025 Meridian Energy, a New Zealand state-owned energy company, has completed the development of its 100MW/200MWh 2-hour ?

Nov 19, 2025 The research group investigates and develops materials and devices for electrochemical energy conversion and storage. Meeting the production and consumption of ?

1 day ago New Zealand Energy Corp. has announced a significant advancement in its Tariki Gas Storage Project through a non-binding memorandum of understanding with Genesis Energy ?

Jul 15, 2023 Emphases are made on the progress made on the fabrication, electrode material, electrolyte, and economic aspects of different electrochemical energy storage devices. ?

Feb 27, 2025 This project aims to develop seawater battery prototypes using both 3D printing and traditional manufacturing techniques and to evaluate their electrochemical performance ?

Dec 11, 2024 Construction work on Glenbrook Battery Energy Storage Plant 100 MW located in Auckland, New Zealand commenced in Q3 2024, after the project was announced in Q1 2023. ?

Jan 25, 2024 Challenges remain, including performance, environmental impact and cost, but ongoing research aims to overcome these limitations. This special issue titled "Recent ?

Jul 1, 2024 Contact's first renewable project in Auckland to start immediately. Tesla selected as battery

New Zealand Auckland advances electrochemical energy storage project

energy storage system supplier, the first Megapack 2 XL project in New Zealand. The ?

2 days ago Electrification and energy storage Enabling the shift from fossil fuels to electricity, including energy storage, distributed energy technologies and systems, electrification of ?

May 23, 2025 Construction and commissioning of the Ruak?k? battery energy storage system (BESS) on New Zealand's North Island is complete, with the site expected to reach full ?

Jun 24, 2025 Eku Energy, the battery storage platform of Macquarie's Green Investment Group (GIG), has acquired an energy storage project in New Zealand, a move that marks its entry ?

The Glenbrook Battery Energy Storage System (BESS) project is tackling Aotearoa New Zealand's electricity capacity and supply quality challenges in South Auckland. By boosting ?

9 scholarship, research, uni job positions available electrochemical-energy-storage-postdoc positions, positions at Auckland University of Technology available on scholarshipdb , New ?
